Diversion west of Ashton Heyes – Sept 2025

Owing to Badger activity, a footpath has been shut. The alternative is shown in blue on the map below.

Tarvin to Brines Brow – page 11

Between C and D, the path goes through a gate onto a crossing path. Instead of turning left, turn right onto the blue route as shown. This becomes a tarmac road. Turn left at the first junction into Peel Hall Lane, proceed into the deadend lane and continue past a kissing gate on your left where the closed section of footpath is located. You are now back on the Baker Way.

Brines Brow to Tarvin – page 19

Between E and D the right turn is closed. Continue straight on (blue route on map) and the path turns into a road (Peel Hall Lane). Turn right into Whitegate Lane and this becomes a path which turns right. Shortly after regain the Baker Way by turning left through a kissing gate.
